

Faculty interface

```
public class FacultyController {  
    private FacultyService facultyService;  
    public ResponseEntity<Faculty>  
getFacultyProfile {  
        Faculty faculty =  
facultyService.getFacultyById(facultyId);  
        return ResponseEntity.ok(faculty);  
    }  
    public ResponseEntity<Void>  
updateFacultyProfile  
    {  
  
facultyService.updateFacultyProfile(facultyI  
d, updateRequest);  
        return ResponseEntity.ok().build();  
    }  
}
```

}

}
